Overall Event Description - Briefly explain event and activities:

USA Volleyball annually hosts our HP Championships is tournament for elite junior players from all over the country and includes some international teams. The beginning of the week, Mon-Wed, we have a camp for a out of state athletes. Wed we start the tournament for a few age groups and tournament play continues through Sunday. Most days there are enough existing courts set up but some days we set up extra courts when needed. Set up includes referee stands, pole pads, chairs & umbrellas on each court, water stations, and tents for staff, medical and referees. Also we must either change out or cover up the Bud Light nets since its against our regulations to have alcohol signage at a junior event. Any help in covering up these nets for our events would be greatly appreciated. I understand that these nets must bring revenue for the city but they aren't very conducive to running juniors events.

The USA Volleyball Beach High Performance Program is the most prestigious junior beach volleyball program in the country and is recognized as one of the premier international pipeline development programs in the world. Entry into USAV Beach High Performance (BHP) programs is based upon selection at one of several USAV Beach High Performance Tryouts held in host regions March through June. Each tryout will include up to four hours of beach time where athletes strive to be selected for the USAV Junior Beach National Team (A1), USA High Performance Teams (A2), and USAV High Performance Camps (Junior A3 and A4). The Beach High Performance Championships provide participants exposure to international style competition within five separate age divisions. FIVB rules and match format are used to simulate international competition.

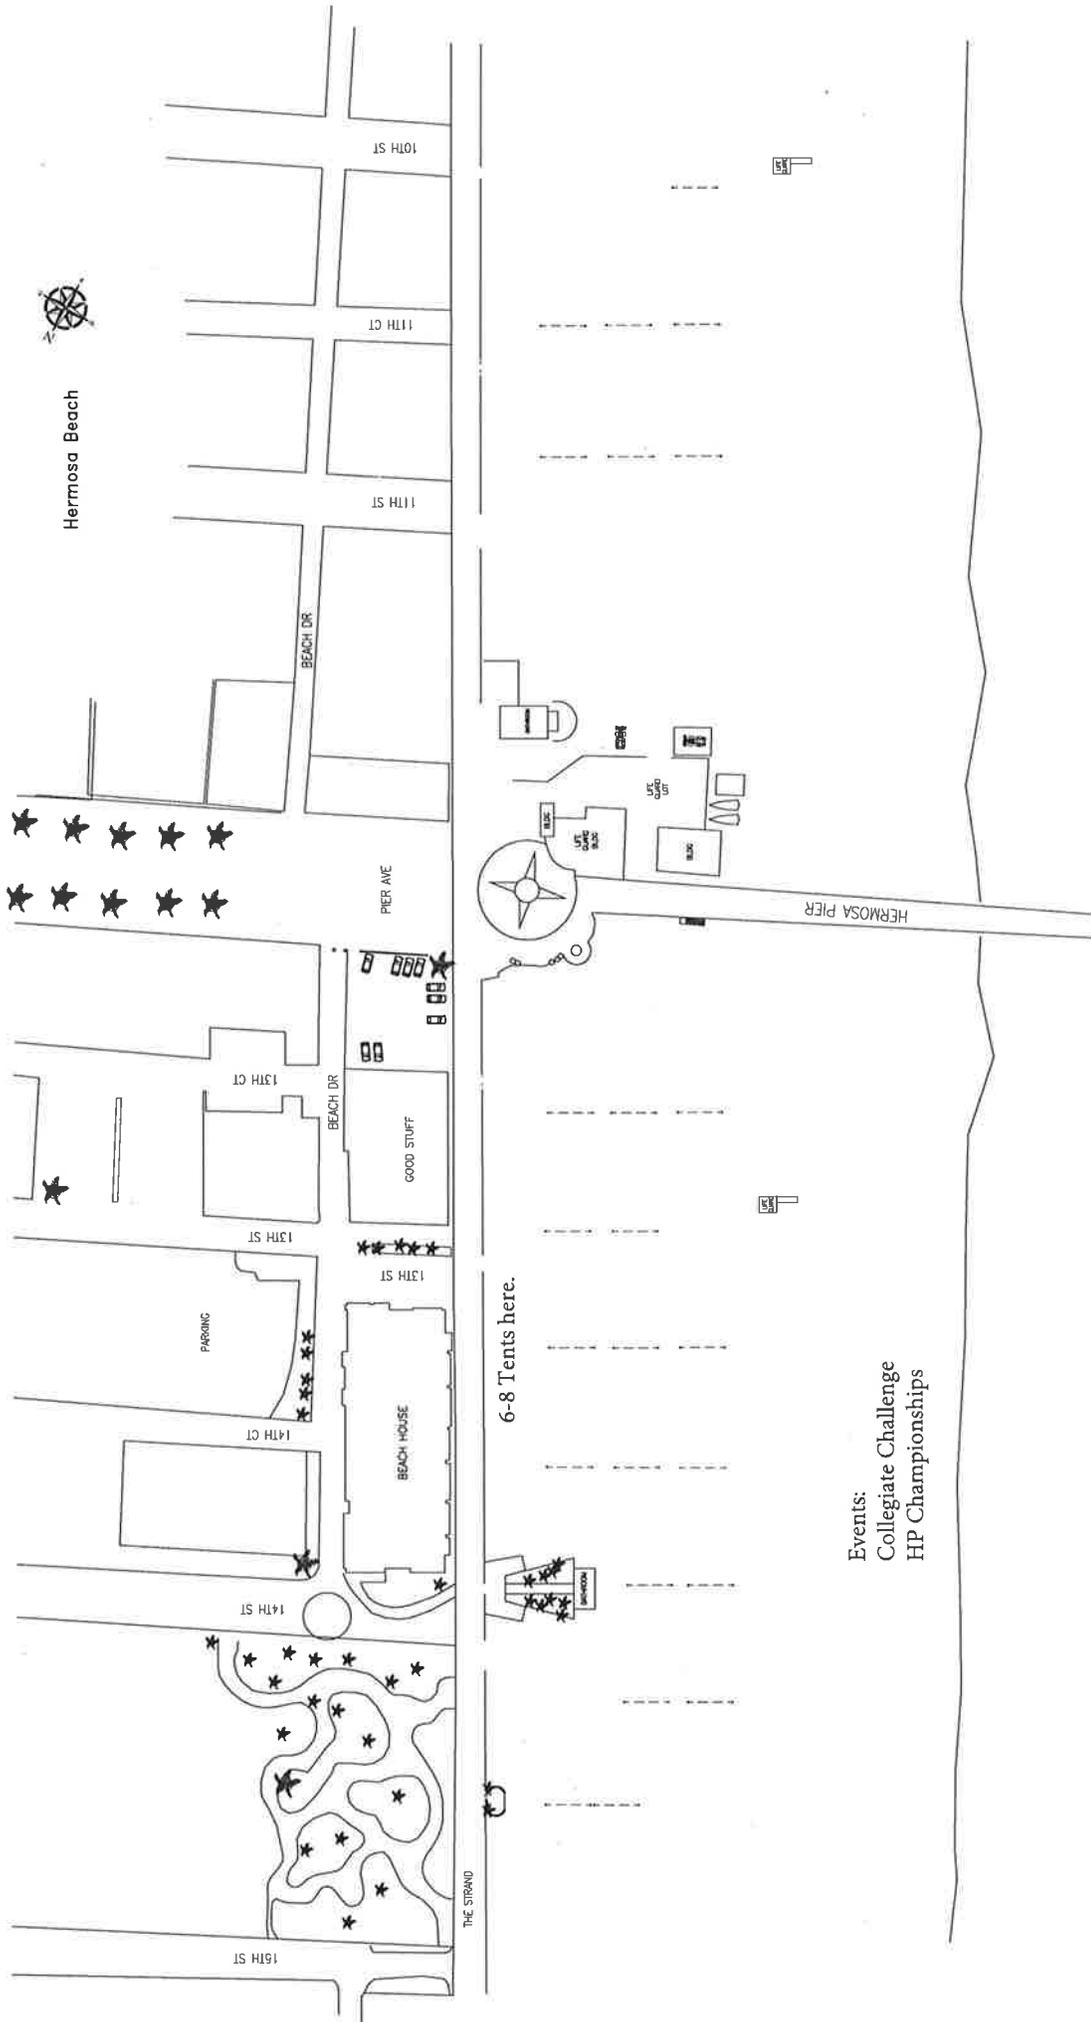

All Event Applications must include the completed GREEN MATRIX (Environmental Protection Plan)

Events in Hermosa Beach are expected to implement measures to reduce impacts and costs to the environment, the city, and the community. Specify how you will comply with applicable measures (or mark not applicable). If your contract is for several years, show how you will increase compliance in subsequent years.
