Food sales ratio as required, as required in CUP. **Please note: All establishments must maintain sales reports regarding ratio of food sales. If an establishment is under review (per Section 17.40.080 and 17.70.010) and Planning Commission or City Council initiates a CUP modification or revocation hearing then food sales ratio of 50% is used as a baseline for determining whether the business is operating as a restaurant. The City does not enforce ABC license operational conditions.
